

Fisherman tops own record

The day after his retirement on October 31, employees at K mart 4356, Largo, Florida bet that Edgar Greenwood could be found fishing on a nearby privately owned lake, trying to top his own record.

In August, he caught his three largest bass ever: one that weighed 11 lbs. 10 oz., a 12 lb. 8 oz. fish and his prized 14 pounder. The 14 pound large mouth bass is 29 inches long and the inside of the

mouth measures six inches. For bait, Greenwood used an eight inch black flat tail worm on a Daiwa Heavy Duty Fresh Water Casting reel with a Shakespeare Ugly Stick rod.

Greenwood worked for the company for more than 15 years and served as merchandise manager at 4356 for five years before retiring.

When he was transferred to Florida from Charleston, West Virginia he was thrilled with the bass fishing and found it to be the most exciting sports fishing around.

This one didn't get away from Edgar Greenwood.

Dear Editor...

Retirees are always invited to write and tell us of their travels, volunteer work, and any other activities that may be of interest and inspiration to other retirees. Below is one of many letters that we received.

Dear Editor,

I retired in 1978 from K mart 4002, Warren, Michigan as the 605 clerk for shipping and fill in for receiving. I started November 4, 1966.

Truthfully, the best and happiest years of my life were spent there, working with the greatest people.

For a year after I retired I loafed by painting all of the rooms in our house and taking care of my five grandchildren until they were all in school.

Then I took a course in Braille at our local library and am now a volunteer for the Grosse Pointe Braille Club as membership chairperson. I have brailled index cards for a blind lady and also bingo cards. Also, I handle supplies for Tri-County. I am working on a manuscript to become certified by the Library of Congress.
